## FORM

**Irrigation inspection checklist****1. System and visit**

|                                     |                                     |
|-------------------------------------|-------------------------------------|
| Project or site                     | Example Site                        |
| Record reference                    | IRR-001                             |
| Record date                         | 9 Oct 2026                          |
| Prepared by                         | Example coordinator                 |
| Controller or system reference      | Example controller IC-2             |
| Zone plan and maintenance procedure | Zone plan IR-02 revision A          |
| Weather and ground conditions       | Dry weather; ground damp in zone 3. |

**2. Zone observations****Zone records 1: 3 East bed**

|                                     |                                                         |
|-------------------------------------|---------------------------------------------------------|
| Zone ID and area                    | 3 East bed                                              |
| Operation observed                  | Yes                                                     |
| Visible leakage                     | Leak observed                                           |
| Leak or assessment limitation       | Leak at emitter connection beside path.                 |
| Coverage and overspray observations | Wet patch near connection; remaining coverage observed. |
| Head or emitter condition           | One connection needs repair.                            |
| Pressure or flow reading with units | No instrument reading taken.                            |

**3. Follow-up**

|                                                          |                                                        |
|----------------------------------------------------------|--------------------------------------------------------|
| Settings or adjustments recorded and authority reference | No settings changed; repair request IR-WO-003 raised.  |
| Record status                                            | Open                                                   |
| Next action or reason none is needed                     | Review the recorded exception and retain the evidence. |
| Responsible person                                       | Example supervisor                                     |
| Reviewed by                                              | Example reviewer                                       |
