

Concrete Pour Inspection

A concrete pour record covering pre-pour evidence, reinforcement and formwork checks, delivery references, placement observations, curing and hold points.

1. Record details and scope

Project

Filled in from the project in SiteSurvey.

Site or premises address

Client or organisation

Record date *

Person completing the record *

This is an inspection record, not falsework design, structural acceptance, a concrete mix approval or a laboratory strength report.

HSE identifies falsework for concrete pours as temporary works requiring planning and management. Wet cement also presents health risks. Record design, inspection and safe-work evidence before proceeding under the project's authorised process.

2. Pour identification

Walk Cam: pre-pour check

Walk Cam video walk-through: available in the SiteSurvey app only.

Pour ID, location and planned volume *

Approved drawings, revisions and specification *

Specified mix and supplier

Inspection and test plan and hold points *

3. Pre-pour checks

Formwork and temporary works release referenced * (choose one)

☐ Acceptable ☐ Action needed ☐ Not checked ☐ Not applicable

Action, limitation or reason not applicable * (if applicable)

Reinforcement, cover and embedded items checked to design * (choose one)

☐ Acceptable ☐ Action needed ☐ Not checked ☐ Not applicable

Action, limitation or reason not applicable * (if applicable)

Construction joints and waterstops checked where specified * (choose one)

☐ Acceptable ☐ Action needed ☐ Not checked ☐ Not applicable

Action, limitation or reason not applicable * (if applicable)

Access, placement equipment and cement exposure controls ready * (choose one)

☐ Acceptable ☐ Action needed ☐ Not checked ☐ Not applicable

Action, limitation or reason not applicable * (if applicable)

Sampling, weather and curing arrangements confirmed * (choose one)

☐ Acceptable ☐ Action needed ☐ Not checked ☐ Not applicable

Action, limitation or reason not applicable * (if applicable)

4. Placement record

Delivery or placement record (copy this block for each one)

Delivery ticket and batch *

Arrival and placement times *

Placement location *

Site tests and sample IDs

Delay, rejection or deviation and authorised decision

Pre-pour and placement evidence (photos: attach, or note the file names)

5. Curing and follow-up

Curing and protection method and start time *

Record the specified curing arrangement, actual start and person responsible. Identify deviations from the agreed method.

Separate cube register and laboratory report references

Later stripping or loading authority references

6. Actions and review

Are further actions required? * (choose one)

☐ Yes ☐ No

Further action (copy this block for each one; if applicable)

Action and evidence reference *

Person responsible *

Target date

Action status * (choose one)

☐ Open ☐ In progress ☐ Completed

Completion evidence * (if applicable)

Outstanding limitations and information to pass on

Record status * (choose one)

☐ Ready for review ☐ Further work needed ☐ Work or use stopped
