

Irrigation inspection checklist

Record irrigation zones, controller references, visible leakage, coverage observations and follow-up work for an irrigation visit.

Complete the applicable sections. An asterisk marks a required field when that section applies. Copy repeat sections as needed and attach photographs separately.

System and visit

Project or site *

Record reference *

Record date *

Prepared by *

Controller or system reference *

Zone plan and maintenance procedure *

Weather and ground conditions *

Zone observations

Zone records

Repeat for each entry.

Zone ID and area *

Operation observed *

☐ Yes ☐ No

Why operation was not observed *

If applicable: Operation observed is No.

Visible leakage *

☐ None observed ☐ Leak observed ☐ Not assessed

Leak or assessment limitation *

If applicable: Visible leakage is not None observed.

Coverage and overspray observations *

Head or emitter condition *

Pressure or flow reading with units

Zone and defect photos
