

Bicycle inspection visual route

Give each bike its own record: fleet number, wheels and tyres, brakes, and the frame, lights and reflectors.

REPORT REFERENCE

DEMO-BICYCLE-FLEET-001

EXAMPLE SITE

Illustrative workplace pool bike shelter / four separate scenes

VISIT STAGE

Illustrative monthly fleet check

DATE

17 October 2026

FICTIONAL SAMPLE

The footage was generated in Google Flow. The observations and organisation are scripted examples, not a real inspection.

About this inspection

Record the fleet number, location, date and who checked. Film the bike in a stand. The four AI-generated clips illustrate one route, not a real bike.

1. Site and visit details

Report reference	DEMO-BICYCLE-FLEET-001
Site or asset	Illustrative workplace pool bike shelter / four separate scenes
Visit stage	Illustrative monthly fleet check
Visit date	17 October 2026
Organisation	Example Council Travel Team (fictional)
Inspector	Demo fleet coordinator (fictional)
Evidence	Four portrait clips; three still frames per point

VISIBLE RECORD

Four AI-generated clips illustrate a pool bike in its stand, a worn tyre with a cut, worn brake pads and the frame, light and reflectors.

SCOPE LIMIT

Video records visible condition. It does not prove brakes work, bearings are sound or a bike is safe to ride; check by hand and use a qualified mechanic for repairs.

Visual evidence from the four clips

The stills below are taken from the same Flow clips shown on the landing page.

01 Bike and fleet number

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

A pool bike is shown in a cycle stand with an asset tag on the frame.

02 Wheels and tyres

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

The front tyre shows a worn tread and a small cut.

Visual evidence from the four clips

The stills below are taken from the same Flow clips shown on the landing page.

03 Brakes and cables

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

Brake pads and the cable are visible at the rear wheel.

04 Frame, lights and reflectors

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

Front light and pedal reflectors are fitted; light rust shows on the chain.

2. Point-by-point follow-up

01 Bike and fleet number

Record the fleet number and where the bike is kept.

02 Wheels and tyres

Replace the worn tyre before the bike goes back into use.

03 Brakes and cables

Replace worn pads and check the brakes by hand.

04 Frame, lights and reflectors

Fix any missing light or reflector before the bike is used at night.

OVERALL NEXT ACTION

Take the bike out of use, replace the front tyre and brake pads, and recheck before it goes back into the pool.

NOT EVIDENCED

Brake performance, bearing condition, frame cracks under paint and light function were not established from video.

This example describes what appears in fictional footage. Actual findings, actions and sign-off must be made by the people responsible for the real asset or premises.

3. Example terms

SCOPE OF EXAMPLE

This fictional record shows what appears in AI-generated footage. Real findings, actions and sign-off belong to the people responsible for the asset.

Retain original clips, timestamps and comments under the organisation's actual privacy and retention policy. An acknowledgement of this visual record is not automatic acceptance of condition or a waiver of rights.
