

Caravan hire handback visual inspection

Repeat the same exterior and interior route at collection and return. Keep each mark or missing item connected to its caravan location.

REPORT REFERENCE

DEMO-CARAVAN-001

EXAMPLE SITE

Illustrative caravan hire depot / four independent scenes

VISIT STAGE

Illustrative return handback

DATE

09 October 2026

FICTIONAL SAMPLE

The footage was generated in Google Flow. The observations and organisation are scripted examples, not a real inspection.

About this inspection

Record the caravan identifier, collection or return stage, time and handover parties. Film accessible surfaces and inventory without personal possessions in frame. The four AI-generated scenes illustrate a handback route but are independent clips, not one real vehicle visit.

1. Site and visit details

Report reference	DEMO-CARAVAN-001
Site or asset	Illustrative caravan hire depot / four independent scenes
Visit stage	Illustrative return handback
Visit date	09 October 2026
Organisation	Example Leisure Hire Ltd (fictional)
Inspector	Demo hire recorder (fictional)
Evidence	Four portrait clips; three still frames per point

VISIBLE RECORD

Four independent AI-generated clips illustrate an exterior overview, entrance and windows, seating area and kitchen/washroom surfaces. They do not document one real caravan handback.

SCOPE LIMIT

This is a visible hire-condition record. It does not test gas, electrics, brakes, towing equipment, damp or roadworthiness and does not decide deposits or liability.

Visual evidence from the four clips

The stills below are taken from the same Flow clips shown on the landing page.

SCRIPTED OBSERVATION

The kitchen and washroom finishes are shown in the example.

2. Point-by-point follow-up

01 Caravan exterior

Compare each panel with the collection record.

02 Windows, door and entry

Confirm any apparent mark in person and against the handover record.

03 Living area and seating

Check the agreed inventory separately.

04 Kitchen and washroom surfaces

Record any functional check in its own authorised procedure.

OVERALL NEXT ACTION

Compare the original collection record and inventory, then use the hire agreement's normal review and dispute process.

NOT EVIDENCED

Hidden damp, appliance operation, gas/electrical safety, towing components, whether a mark is new and liability were not established.

This example describes what appears in fictional footage. Actual findings, actions and sign-off must be made by the people responsible for the real asset or premises.

3. Example terms

SCOPE OF EXAMPLE

The fictional report does not replace collection/return terms, technical checks or deposit handling in the actual hire agreement.

Retain original clips, timestamps and comments under the organisation's actual privacy and retention policy. An acknowledgement of this visual record is not automatic acceptance of condition or a waiver of rights.

4. Sources used for scope notes

Caravan and Motorhome Club · Customer handover

Illustrates separate exterior and interior handover walkthroughs, including technical explanations beyond a condition video; this is a dealer handover example rather than hire-return guidance.

Comfort Insurance · Motorhome hire handover document

A comparable hire handover record distinguishes collection and return condition and comments; a caravan agreement may differ.
