

Vehicle lease-return visual inspection

Record what was visible immediately before handback. Start with the whole vehicle, then show bodywork, wheels and glass, and the cabin in a repeatable route.

REPORT REFERENCE

DEMO-LEASE-001

EXAMPLE SITE

Example vehicle collection bay / fictional hatchback

VISIT STAGE

Illustrative pre-return condition record

DATE

09 October 2026

FICTIONAL SAMPLE

The footage was generated in Google Flow. The observations and organisation are scripted examples, not a real inspection.

About this inspection

Identify the vehicle, return stage, date and location. Record a whole-vehicle view before each close-up, and keep each observation linked to its panel or cabin area.

1. Site and visit details

Report reference	DEMO-LEASE-001
Site or asset	Example vehicle collection bay / fictional hatchback
Visit stage	Illustrative pre-return condition record
Visit date	09 October 2026
Organisation	Example Fleet Ltd (fictional)
Inspector	Demo vehicle recorder (fictional)
Evidence	Four portrait clips; three still frames per point

VISIBLE RECORD

Four clips show the vehicle overview, a small bumper scuff, the front-left wheel and glazing, and the passenger cabin.

SCOPE LIMIT

This is a visible-condition record, not a mechanical inspection or a decision about fair wear and tear, liability or charges. Apply the actual lease agreement and return standard separately.

Visual evidence from the four clips

The stills below are taken from the same Flow clips shown on the landing page.

01 Whole vehicle and return context

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

The hatchback's visible exterior is shown at the example collection bay.

02 Panels and bumper

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

A small scuff is visible near the lower front bumper area.

Visual evidence from the four clips

The stills below are taken from the same Flow clips shown on the landing page.

03 Wheels and glazing

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

The front-left wheel and nearby glazing are shown; a light rim mark may need an in-person check.

04 Cabin and fittings

WALK CAM · RECORDED EXAMPLE · 8-SECOND CLIP

01s

04s

07s

SCRIPTED OBSERVATION

The passenger-side seat, trim and footwell are visible in the example clip.

2. Point-by-point follow-up

01 Whole vehicle and return context

Confirm vehicle identity, time and agreed return process for a real handback.

02 Panels and bumper

Compare the mark with earlier condition records and the applicable return standard.

03 Wheels and glazing

Check the wheel and glass in person and document any measured finding separately.

04 Cabin and fittings

Confirm any apparent wear against the handback record and lease terms.

OVERALL NEXT ACTION

Compare the record with the agreed return standard and collection inspection; refer any disputed mark through the lease provider's process.

NOT EVIDENCED

Mechanical condition, tyre tread depth, operation of lights, earlier damage, fair-wear classification and liability were not established by the clips.

This example describes what appears in fictional footage. Actual findings, actions and sign-off must be made by the people responsible for the real asset or premises.

3. Example terms

SCOPE OF EXAMPLE

This fictional evidence record does not alter the lease agreement, return standard or charge dispute process.

Retain original clips, timestamps and comments under the organisation's actual privacy and retention policy. An acknowledgement of this visual record is not automatic acceptance of condition or a waiver of rights.
